## Skills

Front-End Skills: HTML/CSS, Javascript Programming, Javascript Libraries and Frameworks, Back-end and Database Skills, Git/GitHub, Avid Learner

## Work Experience

### Lead Line Cook | 04/2019 - 09/2021 | WaterCourse Foods | Denver, Colorado

Facilitated dishes going out to customers in a timely manner while ensuring that each dish was of the highest quality. Served as a conduit from front of house to back of house to receive customer requests/input and guarantee the customer was receiving their best experience possible. Oversaw the workflow of the kitchen, eliminated problems as they arose, and kept our team as productive as possible.

### Senior Produce Clerk | 12/2017 - 04/2019 | Sprouts Farmers Market | Denver, Colorado

Engaged with customers, providing knowledgeable service on our products and a welcoming atmosphere to encourage them to be long term customers. Worked with departments across the store to install company wide best practices and provide an optimum customer experience.

### Cook and Server | 01/2015 - 12/2017 | Humble Pie | Seattle, Washington

Brought an engaging customer experience to encourage customers to return repeatedly. Worked with a small team to meet customer demands. Trained new employees. Worked with owner to ensure product was always available to customers.

## Education

### Full Stack Web Development | University of Denver | 06/2022 | Denver, Colorado

Currently completing a certificate program for full stack web development.
